Re: FEC Complaint against Joel Gilbert, DFMRF, et al.
File No. MUR 6779

To Ms. Collins and Mr. Jordan,

Enclosed is an original copy of the *Dreams From My Real Father* DVD that is the primary subject of my above-referenced FEC complaint. I have been fortunate enough to obtain not only a copy of the DVD that was sold through retailers, but specifically one of the (many) DVDs that was part of Mr. Gilbert's unsolicited mass-mailing to swing states. As can be seen on the address label, this particular DVD was originally mailed to an address in Florida.

If you have any further questions, I can be reached at the above address, or by e-mail at lorencollins@gmail.com. The post office box address above is not the same as the address provided with my original complaint, so please update your records accordingly.

Thank you,

Loren Collins

At age 18, Barack Obama admittedly arrived at Occidental College a committed revolutionary Marxist. What was the source of Obama's foundation in Marxism? Throughout his 2008 Presidential campaign²⁴ and term in office, questions have been raised regarding Barack Obama's family background, economic philosophy, and fundamental political ideology. *Dreams from My Real Father* is the alternative Barack Obama autobiography,²⁵ offering a divergent theory of what may have shaped our 44th President's life and politics.

In *Dreams from My Real Father*, Barack Obama is portrayed by a voiceover actor who chronicles Barack Obama's life journey in socialism, from birth through his election to the Presidency. The film begins by presenting the case that Barack Obama's real father was Frank Marshall Davis, a Communist Party USA propagandist who likely shaped Obama's world view during his formative years. Barack Obama sold himself to America as the multi-cultural ideal, a man who stood above politics. Was the goat herding Kinyan father only a fairy tale to obscure a Marxist agenda, irreconcilable with American values?

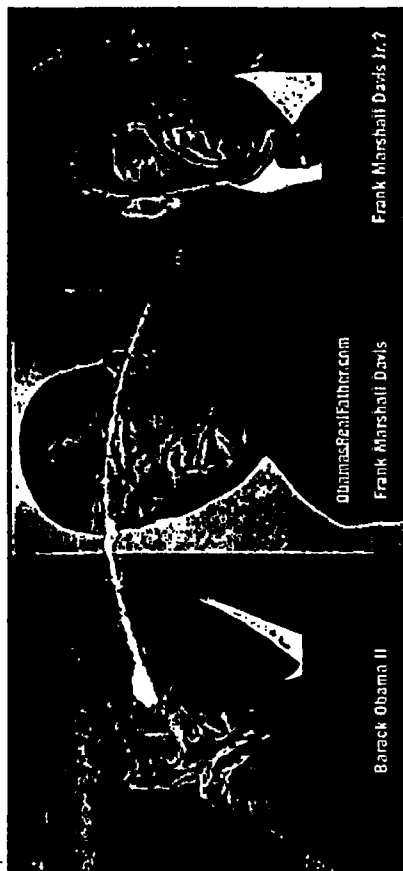

This fascinating narrative is based in part on 2 years of research, interviews, newly unearthed footage and photos, and the writings of Davis and Obama himself. *Dreams from My Real Father* weaves together the proven facts with reasoned logic in an attempt to fill-in the obvious gaps in Obama's history. Is this the story Barack Obama should have told, revealing his true agenda for "fundamentally transforming America?" Director Joel Gilbert concludes, "To understand Obama's plans for America, the question is 'Who is the real father?'"
